Death

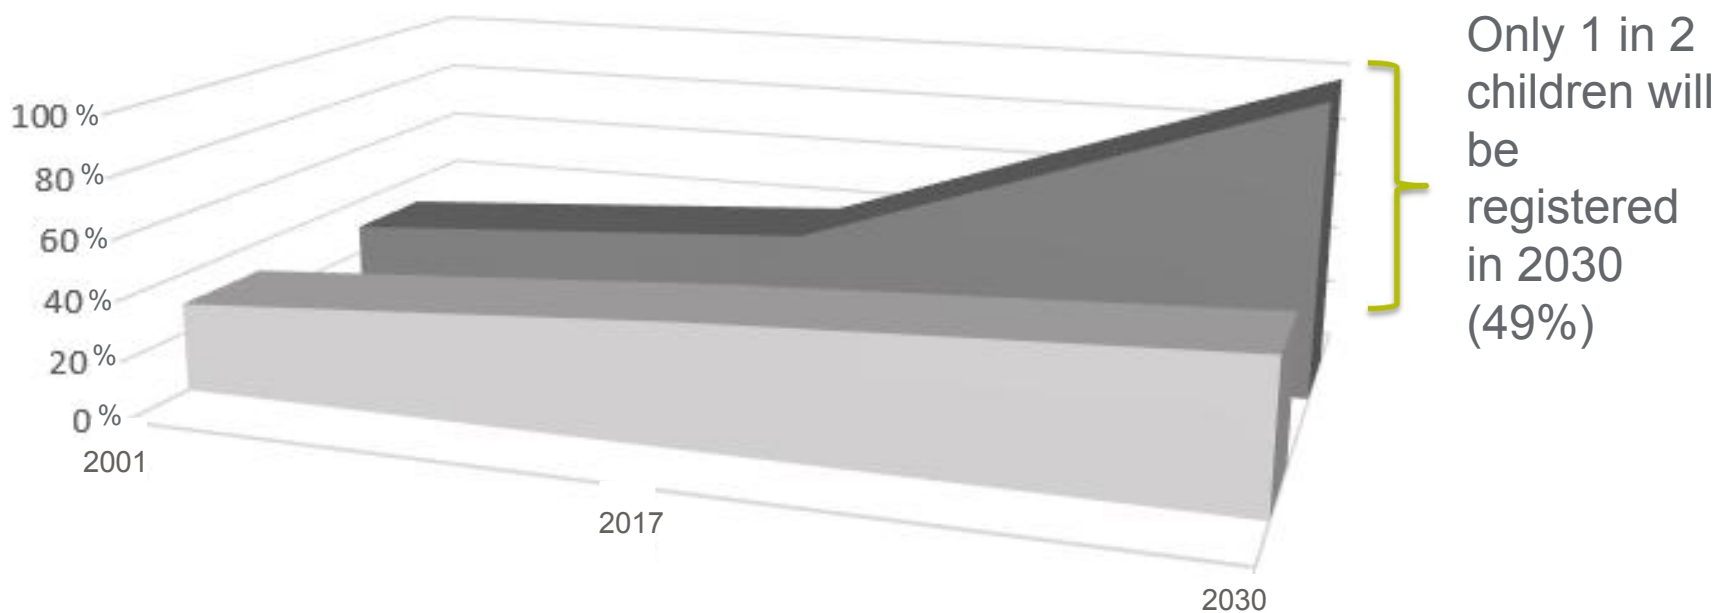

Cause of death

Are we being successful at implementing and improving CRVS in a financially sustainable way?

Are we on track to meet the Sustainable Development Goal 16.9 - to provide legal identity for all, including birth registration, by the year 2030.

Percentage of birth registration in sub-Saharan Africa

At current rate it will take until 2102 to achieve 100%

IDENTITY

Identity sector is thriving

Today's Challenge: Innovation, Scale & Collaboration

But why is CRVS so difficult to implement?

We have the fundamental pillars in place

1. Sustainable Business Case for Change

2. Economic Business Case

3. Investment Models for Growth

4. Work together

What do we need to succeed?

SUSTAINABLE DEVELOPMENT GOALS

Most SDGs are underpinned by a solid CRVS solution

DeLaRue

“Have we been successful in implementing CRVS in a financially sustainable way?”

“Are we on track for 100% birth registration by 2030 to meet SDG16.9”

Join me in an informal but action oriented working group to build the business cases for sustainable CRVS. Working Group 1st meeting straight after this session in the Ruanca Room, Safari Hotel
